

Quartermaster Report (Ordnance Stores/Uniforms)

February 12, 2022

Members of the Company:

I have the honor to submit the following report.

The requirement for Company loaner kit over the course of the 2021 season was for 1 complete and 2 partial issues for event use. All partial company issues for arms and equipment are back in Company's hands and the complete issue are accounted for on valid hand receipt at the time of this writing.

The Company Board and Military Cadre did not sell any equipment nor arms for the year 2021.

Additional cargo containers for extra equipment was purchased in 2019 and presently all clothing are containerized. During the 2021 year all Enfield rifles were fired and cleaned and than stored. One Enfield is presently in need of repair and an estimate is being provided.

Four pair of brogans were resoled and re-plated at a cost of \$400. The Quartermaster was promptly reimbursed.

I have updated the inventory spreadsheet upon retaining the responsibilities from the previous Quartermaster in 2019 and have remained updated in 2021. I will furnish upon request, that document to anyone in need of it. As per 2021 Quartermaster report, additional used shirts were provided to members for their review . A majority of the shirts still remain in the care of the Quartermaster.

Your Obedient Servant,
