

February 12, 2023

Members of the Company:

I have the honor to submit the following report.

The requirement for Company loaner kit over the course of the 2022 season was for 13 complete and partial issues for event use. All partial/complete company issues for arms and equipment are almost all back in Company's hands and expected to be all returned by the end of this month.

The Company Board and Military Cadre did not sell any equipment nor arms for the year 2022.

Additional cargo containers for extra equipment was purchased in 2019 and presently all clothing are containerized. During the 2022 year all 6 Enfield rifles were fired and cleaned and than stored. One Enfield was donated to the Company this year and all are reported in good working order.

Four pair of brogans were resoled and re-plated at a cost of \$400 in 2021. Miscellaneous items were purchased to improve the working order of the muskets. The Quartermaster was promptly reimbursed.

I have updated the inventory spreadsheet upon retaining the responsibilities from the previous Quartermaster in 2021 and have remained updated in 2022. I will furnish upon request, that document to anyone in need of it. As per the 2022 Quartermaster report, additional clothing was donated to the company and noted in the inventory log.

Your Obedient Servant,

//signed//

Corporal H. Lapham

Quartermaster, Co B
